February 14
St. Cyril, Monk and
Saint Methodius,
Bishop

"The apostolic and missionary activity of Saints Cyril and Methodius, which belongs to the second half of the ninth century, can be considered the first effective evangelization of the Slavs. [] Their work is an outstanding contribution to the formation of the common Christian roots of Europe, roots which by their strength and vitality are one of the most solid points of reference, which no serious attempt to reconstruct in a new and relevant way the unity of the Continent can ignore [] Cyril and Methodius are as it were the connecting links or spiritual bridge between the Eastern and Western traditions, which both come together in the one great Tradition of the universal Church. For us they are the champions and also the patrons of the ecumenical endeavor of the sister Churches of East and West, for the rediscovery through prayer and dialogue of visible Unity in perfect and total communion..."

— Pope John Paul II
Slavorum Apostoli 23, 25, 27

Pro-Life Corner:

February 20- Black women are 3 times more likely to have an abortion than white women. Most abortion mills are found in poor and/or minority neighborhoods. What does that tell you about one of the reasons for abortion? Perhaps it goes back to the Planned Parenthood founder Margaret Sanger. Her goal was to eliminate all poor, black, Hispanic, and many other ethnic people thereby creating a "master race". Abortion on demand is racist.
