Pro-Life Corner:

September 16 - Many women argue that "it's my body, I can do what I want" when they are faced with an unplanned pregnancy. A body part is defined by the common genetic code it shares with the rest of its body; the unborn's genetic code differs entirely from the mothers. Being inside something is not the same as being part of something. A car is not part of a garage because it is parked there. Babies should not be discriminated against because of their place of residence.

Saints of the Week

September 13th,
St. John Chrysostom,
Bishop

Born at Antioch around 349, today's saint received an excellent education, led an ascetical life, as a priest preached effectively. Elected Bishop and Patriarch of Constantinople in 397, John "of the Golden Tongue" was a thorough, dedicated pastor of his flock. From hatred of the imperial court and enemies he was twice exiled. In present day Turkey, on the road to exile again, he died of consumption on September 14, 407.

September 15th,
Our Lady of Sorrows

On the day following the ancient feast of the Holy Cross we commemorate the compassion of Mary. We meditate on the reactions in the soul of Mary concerning the sufferings and death of Jesus Christ her son. Simeon predicted that her heart would be transfixed with sorrows. So it was, as she stood under the cross of her Son.

*I will walk before the
Lord, in the Land of the
living.*
