Man's Capacity to Know God

**In Brief:**

44. Man is by nature and vocation a religious being. Coming from God, going toward God, man lives a fully human life only if he freely lives by his bond with God

45. Man is made to live in communion with God in whom he finds happiness: "When I am completely united to you, there will be no more sorrow or trials; entirely full of you, my life will be complete" (St. Augustine, Conf. 10, 28, 39: PL 32, 795).

46. When he listens to the message of creation and to the voice of conscience, man can arrive at certainty about the existence of God, the cause and the end of everything.
