October 4th,
St. Francis of Assisi

Called the most Christlike
person since Christ, today's remarkable saint (1182-1226) was
born of a wealthy family in Assisi, Italy. Gifted with a joyful
spirit, Francis renounced his father's wealth to become the
Little Poor Man of Assisi. An extraordinary person, he
attracted followers (the Franciscans) and by evangelical
poverty strengthened the Church. The joyous, poor, simple
Franciscan spirit still strengthens the Church. Receiving the
stigmata towards the end of life, Francis the deacon died on
Oct. 3rd, 1227. His life says much to modern day men and
women.

Pro-Life Corner:

October 4- Conception is the beginning
of human life. From the time that an
ovum is fertilized a new life begins that
is neither that of the father nor of the
mother. It is rather the life of a new
human being with his/her own
humanity. It could never become human
if it were not human already. Pray and
work to end abortion and euthanasia.

*May the Lord bless us all
the day of our lives.*
