April 21th - Abortion is the only event that liberals/progressives find too violent or obscene to show on TV. This is not because they are squeamish or sensitive. It is because if people knew what abortion really looks like, it would destroy their pretense that abortion is a civilized answer to the problem of what to do about unwanted babies. Please take this challenge: go online and view an actual surgical abortion. It is truly a life changing experience. If people would see an abortion, people would end abortion.
