Pro-Life – Corner

June 9th - The real question today is not when human life begins, but what is the value of human life? The abortionist who reassembles the arms and legs of a tiny baby to make sure all its parts have been torn from its mother's body can hardly doubt whether it is a human being. The real question for him and for all of us is whether that tiny human life has a God-given right to be protected by law-the same right we have.
